

## AR-Sensor-G4-15B2232-DC Warm White

### Product benefits:

- Brightness adjustment smoothly according to condition light change. When night coming, light will be light on automaticly. More deeply night, more strong light from navigation light.
- More than 50000Hrs.
- Constant current driver.
- EMI free.

### Applications:

- Navigation light

### Technical specification:

Watt.	Comparable Halogen Watt	Lamp Base	Input Voltage V <sub>DC</sub>	Light Output lum.	Beam Angle Deg.	Efficiency	Sense Dim-mable	Life-Time	Units per Pack	Color Rend. Index	Color Temp.
2.1W	15W	G4	10-30V	170	360	88%	Yes	45000	50	>88	3000K

### Dimension:
